IMAGING CAMERAS

KNOW BEFORE YOU GO

Dräger thermal imaging cameras provide valuable information about rapidly changing conditions when fire, smoke, and darkness create a challenging and dangerous environment. Our ergonomic, easy-to-use cameras can help you navigate difficult settings, locate persons and hotspots, and protect personal safety.

DISCOVER OUR FULL LINE OF UCF® THERMAL IMAGING CAMERAS

Advantage	UCF 6000	UCF 7000	UCF 8000	UCF 9000
Visual camera: standard digital camera and video recorder				●
