

Freedom Series™ Helmets

SHOW YOUR PRIDE!

Stay compliant while protecting your head and expressing your patriotism with MSA's Freedom Series V-Gard® Slotted Caps and Non-Slotted Hats.

Freedom Series Caps come equipped with MSA's Fas-Trac® Suspension and meet all applicable requirements for a Type I (top impact) helmet as outlined in ANSI/ISEA Z89.1-2009 (Class E) and CSA Z94.1-2005 (Class E).

MSA caps also meet the voluntary standard for reverse donning and low temperature [LT] as prescribed by ANSI/ISEA Z89.1-2009. Look for the official reverse donning logo  to determine if your hard hat may be worn backwards without voiding approvals.

MSA can customize your helmets with your company logo and choice of reflective striping. For more information regarding logos and stripes, contact **MSA Logo Express at 1.800.MSA.LOGO.**
