

Technical Data

Color	White
Sizes Available	9-9.75
Packaging	Boxed
Packed	32 Pair/Case
Case Weight (lbs)	0.00
Country of Origin	United States
Polymer	Chlorosulfonated Polyethylene
Grip	Smooth
Length	32"
Powder	Powder Free
Thickness	15 Mil
Construction	Unsupported, Waterproof
Certifications	TAA Compliant

Care Instructions

Four year shelf life when stored in original packaging in a cool dry place away from light. Recommended temperature range: 50F to 86F (10C to 30C)

North®

15 Mil, 10" Port Ambidextrous CSM Glovebox Glove - 32"

- CSM (Chlorosulfonated Polyethylene) is a soft abrasion resistant material that provides superior resistance to ozone and oxidizing chemicals such as alcohols, alkalis, and acids
- White CSM surface will not hide contamination and can be easily cleaned (important for "clean" applications, such as in the pharmaceutical industry)
- Rolled bead cuff resists tearing, improves donning strength and maintains a secure seal on glovebox ports
- Available in sizes 9.1" and 9.75" (palm diameter)
- Ambidextrous for convenient use of either hand
- Every glove is electrically tested to detect holes or thin spots, ensuring greater safety
- Made in the USA
